🇧🇪 Beninese 📅 20/03/2007

👤 PROFILE

2nd-year Internet & Multimedia student at IFRI-UAC, specializing in creating high-impact digital experiences. Combining technical rigor with creative UX/UI sensitivity, I am driven by the challenge of building scalable web solutions. Currently seeking an internship to apply my skills in frontend development and user-centered design.

📁 EXPERIENCES

Africa Pulse — Data Viz Dashboard 2025

Personal Project · React

- Developed a comprehensive data visualization platform for 15 African countries, tracking GDP, population, and internet penetration.
- Implemented interactive regional filtering, dynamic charts (Recharts), and detailed country analytics.
- Impact:** Visualizing over 45+ key data points with real-time filtering. | **Link:** africa-pulse.netlify.app

CV Generator — Web Tool 2025

Personal Project · React

- Built a professional online CV generator with a 4-step interactive form and real-time preview.
- Features: 4 customizable themes, automated PDF export, and bilingual (FR/EN) support.
- Stack:** React, html2pdf.js, Vite, Netlify | **Link:** cvgen.netlify.app

E-commerce Platform — Food Products Ongoing

Academic Project · IFRI-UAC

- Developing a web platform for selling local food products, focusing on inventory management and user-friendly checkout processes.
- Applying user research and wireframing methodologies to optimize the shopping experience.

Showcase Website — Fashion Workshop July 2025

Freelance Mission · Real Client

- Designed and developed a digital showcase for a local tailor, integrating a direct WhatsApp ordering system to streamline customer interaction.

👥 LEADERSHIP & ACTIVITIES

Choir Master Ongoing

Local Choir | Leadership

- Leading and coordinating a group of 50+ members, managing weekly rehearsals and musical direction.
- Organizing major performances and regional tours, ensuring logistics and team cohesion.
